

1 The Travel Show

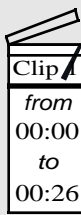

STEP 1 What do you know?

Think and talk about what you know. What kind of information topics do you think will be in this travel video? Think about the information in travel shows you have seen before. Write your ideas in the box on the right. Talk about your ideas with others in the class.

STEP 2 Tune in!

Just watch. Watch the video. Don't write anything until the clip is finished.

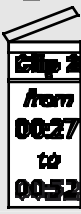

Now write! Write down any information you remember about the images you saw in the first video clip?

Think Again. What two themes did the images in the clip suggest? Put the images into two groups; one group for each theme.
